

**Please join us for the 2015 Connecticut Safe Teen Driving Summit
"Are We There Yet?"**

Presented by Travelers and DMV Commissioner's Advisory Committee on Teen Safe Driving

Our state has made great strides in reducing crashes, injuries, and fatalities since the 2008 overhaul of Connecticut's teen driver laws. However, safe teen driving requires constant vigilance and the education of each year's group of nearly 35,000 new drivers under the age of 20, as well as parents, guardians, and supervising adults.

The goals of the session are to bring together safe teen driving stakeholders to assess the status of Connecticut's programs and efforts and identify concrete steps for collaboration and continuing programs, including awareness campaigns and legislative recommendations

Date: Thursday, January 22, 2015 (Snow date: January 23, 2015)
